Introduction to the Miurafx System

The Miurafx system is a platform designed for the efficient management of records and user control in marketing campaigns. This system allows administrators to upload, manage, and track clients by importing data via CSV files. The user interface is intuitive, enabling easy navigation for record control and information updates.

With Miurafx, users can quickly upload large volumes of data, ensuring that campaigns are well-organized and clients are properly affiliated. Additionally, the system provides a clear view of the records, allowing for effective control and real-time tracking.

The main goal of Miurafx is to facilitate data management by offering an efficient solution for campaign administration and client relations.

System Requirements for Miurafx

To ensure optimal performance and a smooth user experience with the Miurafx system, the following system requirements are recommended:

Hardware Requirements:

Processor: Intel Core i3 or higher

Memory (RAM): 4 GB or more

Storage: At least 500 MB of available space

Display Resolution: 1366 x 768 pixels or higher

Internet Connection: Stable broadband connection (at least 5 Mbps)

Software Requirements:

Operating System:

Windows 10 or later

macOS 10.12 (Sierra) or later

Browser Compatibility:

Google Chrome (latest version)

Mozilla Firefox (latest version)

Microsoft Edge (latest version)

Safari (latest version for macOS)

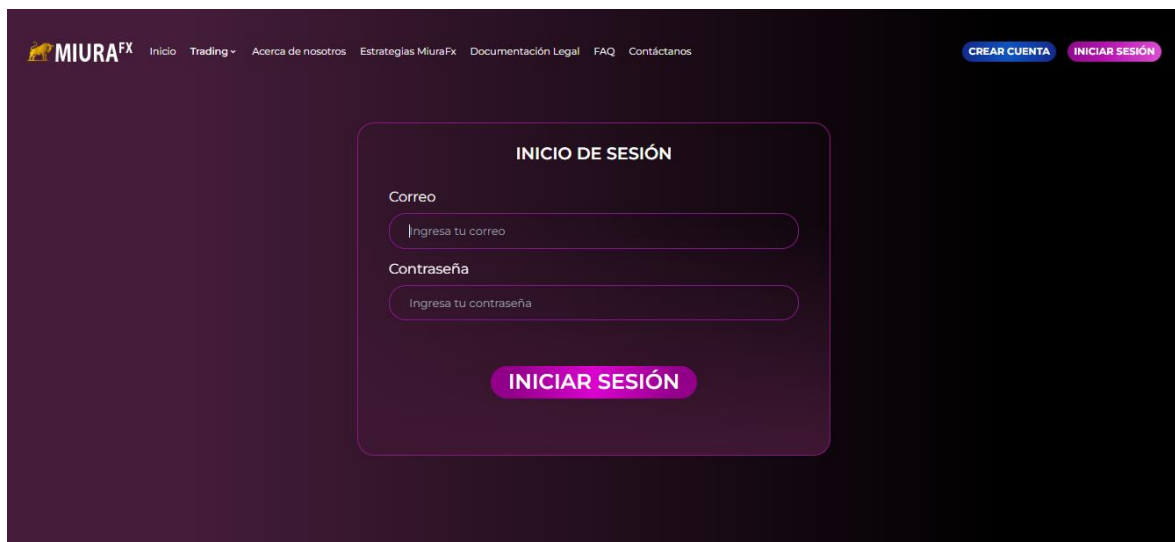

Additional Software:

Microsoft Excel (for CSV file preparation and upload)

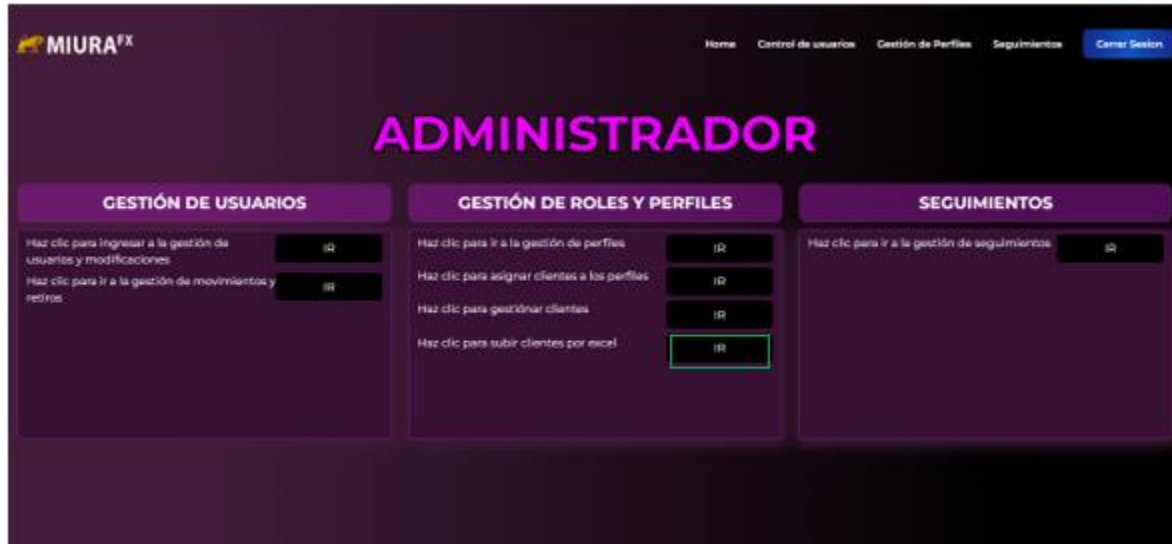

PDF reader (for viewing reports and documentation)

Step-by-Step Guide

Log in to the system by entering your email and password.

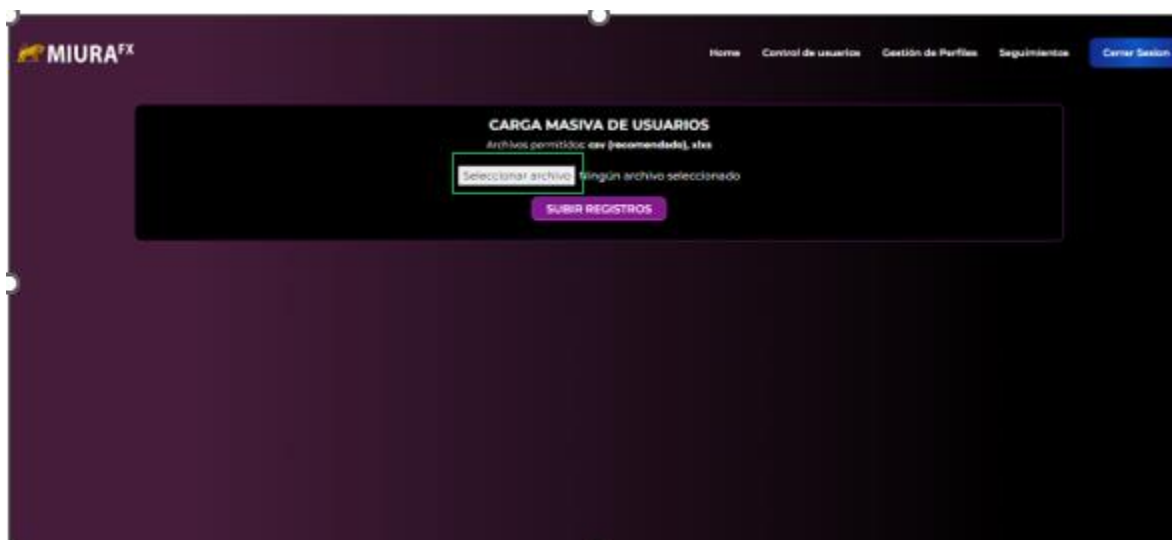

After logging in, the following window will open. Click on 'Go' in the option 'Click to upload clients via Excel'

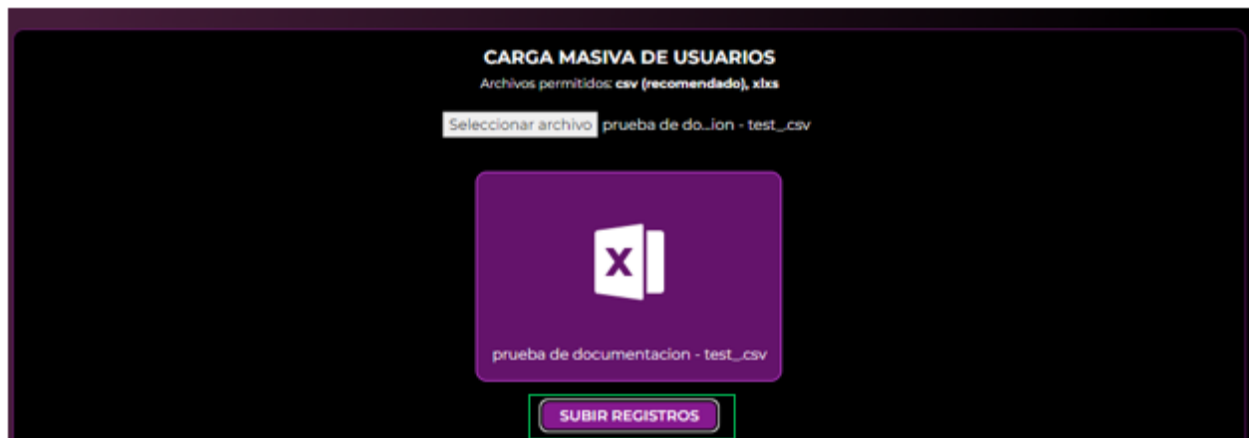

The file must be uploaded in 'CSV' format, with the following six fields: full_name, phone_number, email, country, campaign, referrer.

For the file to be uploaded successfully, there must be no duplicate data in the table, and it should not contain any special characters.

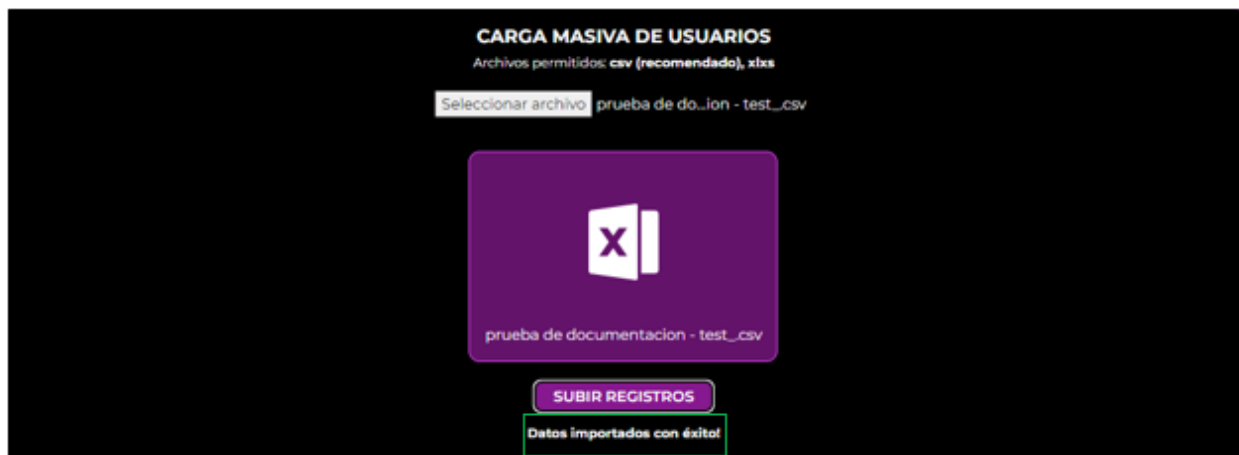

nombre_completo	celular	email	pais	campanna	afiliador
Onder miura	6465615455	onder.g@email.com	colombia	COCA-COLA	Maik
Hola com	6545642646	hola.c@email.com	colombia	TESLA	Maik
Metelon	6565656565	Metelon@email.com	colombia	COCA-COLA	Maik
amanacoi	6312746925	amana@email.com	colombia	TESLA	Maik

"After selecting the file, click on the 'UPLOAD RECORDS' button:"

When the file is successfully uploaded, the message 'Data imported successfully' is displayed

Click on the option 'User control, registration, and modification'.

The table with the uploaded data will open, allowing for tracking and control.
